ABOUT OUR FOUNDER PAULINE HEALY

For the last decade I have worked in various areas of health and aged care, gaining a true understanding of the complexities of change of life transition. I am a valued and trusted advocate within the sector.

I offer an independent, professional and caring service that has helped many families secure the most appropriate care, discounted fees and shorter wait times in their chosen facility.

My aim is to support the needs of families and their loved ones by simplifying and facilitating a smooth and positive outcome for their aged care journey.

WELL PLACED CARE

INDEPENDENT &
PERSONALISED
AGED CARE
PLACEMENT SPECIALISTS

WHO WE ARE

Well Placed Care is an independent & personalised aged care support service for you and your loved ones.

STARTING THE JOURNEY

Often, when care needs arise, it can be a very emotional time for all involved. The time and knowledge required of you or family members to obtain documentation and find appropriate care is often limited. We know that many of the processes involved in the aged care system can be complex and time consuming.

Our extensive knowledge of the industry will enable you to make informed choices that are life changing and ultimately positive so you and your loved ones will have the peace of mind and time to concentrate on oneself and each other.

PERSONALISED SERVICE

It is important for us to gain a broad understanding of your situation. Along with any personal, clinical, and cultural needs. We obtain an insight into your financial situation that allows us to tailor options that best suit your expectation and requirements.

SUPPORTING YOU TO MAKE INFORMED DECISIONS

We explain all related fees and charges. Whether you are just at the planning stage, in need of home care, short term respite or permanent care, all aspects of the care plan are addressed so as to recommend the best outcome for you.

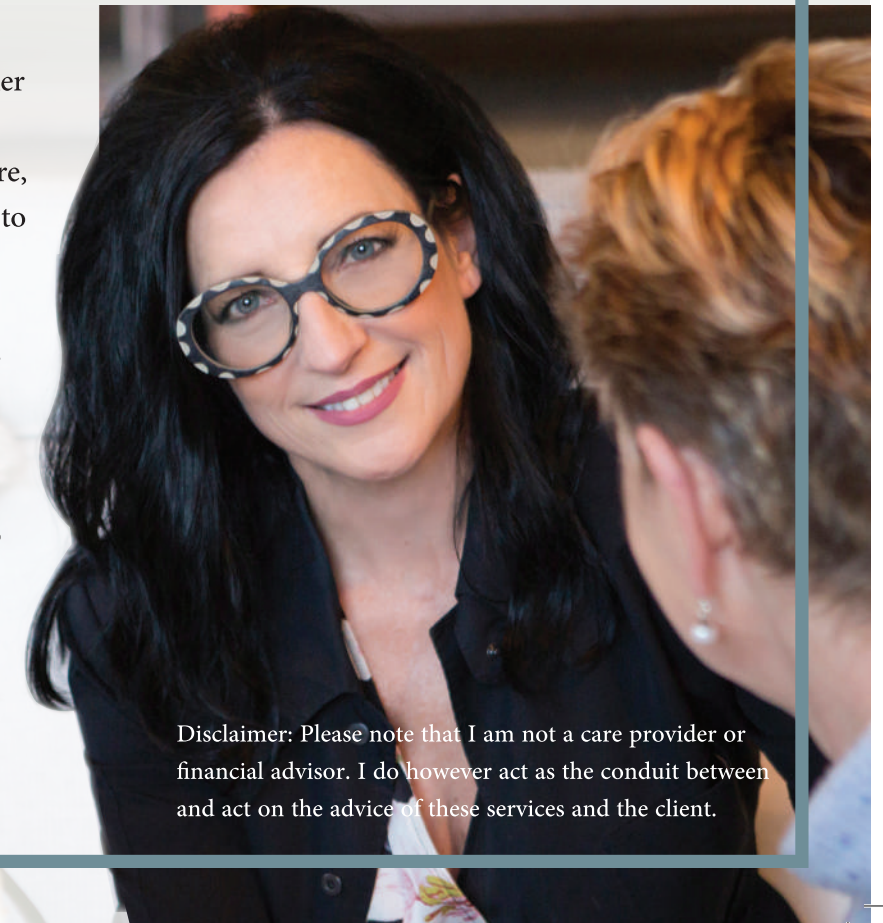

We prepare a shortlist of appropriate providers and facilities that will suit your current and future situation. We book appointments with providers and attend facility tours with you, offering support and guidance to enable you to make an informed decision.

We have positive long-term relationships with many care providers and are able to negotiate facility fees to secure various discounts and priority placement.

Allow us to assist, ensuring you receive the necessary support whilst coordinating a smooth and gentle transition into well placed care.

FOLLOW UP

We offer post placement wellbeing follow up, as we are passionate about making sure our clients are happy and secure. Building a trusting relationship is paramount to our success and we see our client's welfare as our number one priority.

Disclaimer: Please note that I am not a care provider or financial advisor. I do however act as the conduit between and act on the advice of these services and the client.
